**SPECIAL
BULLETIN**

VOTE TURNOUT WAS HUGE

Thank you SEIU members for supporting your union and sending a message to both OWU and the hospital that union issues do matter and that SEIU is the union you want.

Unfortunately, the Ontario Labour Relations Board will not be able to give you the official vote results, but the reports we got from our members show that SEIU supporters turned out in winning numbers to vote for their union – SEIU!

The reason why the Labour Board is not counting the votes is because the Labour Board has concerns about OWU

that they are investigating. This may take some time and until those concerns are resolved the official results will be delayed.

**“Thank you
SEIU members
for supporting
your union.”**

Sharleen Stewart, President,
SEIU Local 1 Canada

Regardless of their official report, SEIU is committed to providing you with the superior service you have enjoyed with Doug Power, Phil Conlon and Secretary Treasurer Cathy Carroll.

There have been many grievances settled and

meetings held to address the current restructuring going on in your hospital.

It has been my personal privilege to have met and

spoken to many of you about what your expectations are of SEIU, and, trust me, they have been heard.

I look forward to continuing to make those

improvements with the help of your new Union Rep and the new stewards in your hospital.

If you have any questions for SEIU, you can call our Member Resource Centre on 1-877-MRC-SEIU or 1-877-672-7348.
